# A NEW KIND OF MEMORY CARE

At The Fountains, we're borrowing from the traditions of the multigenerational households and local bed & breakfasts to create a place where everyone feels right at home. Suites are comfortable, filled with bright colors, soft natural light and high-end finishes. Common areas such as living rooms, patios, libraries and kitchens are only a few steps away. Meals are cooked right in the kitchen, and anyone can roll up their sleeves to help prepare the meal. Just like home, this household revolves around the kitchen table, where food and conversation connect residents, associates, friends and family.

# MEET THE NAYAS

The word *Naya* comes from the ancient language of Classical Sanskrit and is based on being engaged in the present moment. A Naya is a guide, person of wisdom, conductor and leader. These terms truly define our caregivers. In perfect alignment with our universal care model, being mindfully engaged in each moment cultivates a sense of well-being, community, spontaneity and creativity.

In traditional senior-living models, care is divided between several associates who interact with a resident only within their particular area of limited duties. This not only results in reduced continuity, it prevents associates from seeing the big picture of each resident's well-being. Because our Nayas spend the day with residents, they notice the early signs of concern that might otherwise go unseen. Nayas know if residents have a good appetite, how well they slept and when they last exercised or participated in a new program. They can observe how individuals react to a change in type or dosage of medicine or a new therapy. Understanding the big picture results in a healthier, happier, more connected lifestyle.

# A LOCATION YOU'LL ADORE
